Scholarships for the Depressed Classes

NOTIFICATION I.

1. (a) Residential and non-residential scholarships for ordinary education will be awarded during the year 1940-41 to pupils belonging to the communities eligible for the ameliorative measures undertaken by the Labour Department, studying in Elementary and Secondary school classes and in College classes. They will be granted only to pupils of parents whose pecuniary circumstances are certified in the form prescribed to be such as to prevent them from prosecuting their studies without the assistance of scholarship. Poverty certificates or certificates of income where prescribed should be obtained from one of the officers mentioned in the form of application.

(b) The Commissioner of Labour has no powers to grant scholarships for those in unrecognized institutions or for those in unrecognized classes of recognized institutions. Heads of institutions are therefore requested not to apply for scholarships for such pupils.

2. A list of the communities eligible for the ameliorative measures undertaken by the Labour Department is annexed. The scholarships are not open to pupils who are converts to Christianity except to such of those as are members of Criminal Tribes Settlements. In the case of pupils belonging to criminal tribes, the applicants or their parents or if no parents are alive their guardians should be registered members of notified criminal tribes.

3. Forms of application can be had from the office of the Commissioner of Labour, Post Box No. 429, Chepauk, Madras.

4. Applications should be forwarded without any covering letter by the head of the institution in which the pupil is studying on the date of application in 1940-41, through the head of the institution in which the pupil studied in 1939-40. All applications should be dated. A separate form should be used for each applicant. There are separate forms of application for non-residential and residential scholarships and for those in secondary and elementary schools and in colleges. The proper forms should be used. The use of forms which are obsolete or are not appropriate to the kind of scholarship required is likely to result in the applications being ignored.

5. The class in which the scholarship is required to be made tenable and the class in which the pupil was studying the previous year, the marks obtained by him at the last annual examination and other particulars required in the application form should be clearly given. The name of the nearest post office, spelt as in the Post Office guide, the name of the nearest sub-treasury and the distance from the sub-treasury to the institution should also be given. Incomplete applications will not be considered.

6. All applications should reach the Commissioner of Labour before the 5th of July 1940. In the case of pupils belonging to criminal tribes, the applications should not be forwarded direct but should be sent through the concerned District Superintendent of Police who is requested to verify and forward the applications with a report whether the pupils or their parents or if no parents are alive their guardians are registered members of notified criminal tribes. In such cases, the applications should be sent to the District Superintendent of Police in time sufficient for him to make the necessary verification and forward them before the due date.

7. Applications will be considered as they are received and according to the dates of their receipt in the office of the Commissioner of Labour and no applications received after the 5th of July will be considered.

8. (a) In all cases where scholarships are sanctioned, intimation will be given to the heads of the respective institutions who are requested to inform the pupils concerned. Where the grant of a scholarship is refused, no such intimation will be given nor will the Commissioner of Labour enter into any correspondence on the subject.

(b) Copies of the Labour Commissioner's sanction orders will also be communicated to the officers of the Education Department, with a view not only to prevent grant of scholarships for the same pupils from two different departments of Government but also to enable the officers to let the Labour Commissioner know of any irregular grants to pupils in unrecognized schools or to pupils in unrecognized classes in recognized schools.

9. The scholarships will be sanctioned subject to the conditions specified in this notification and to such other conditions as may be laid down in the orders communicating the sanction of scholarships.

10. The applicants should not have exceeded the following age-limits on the 1st July 1940:—

11. The number of residential scholarships is limited. Only those pupils in Form IV and above who have to board and lodge away from their homes are eligible for the residential scholarships. Residential scholarships are not also normally available to boys studying in schools and colleges in the districts where there are hostels maintained or subsidised by the Labour Department and open to such pupils.

12. The number of non-residential scholarships for college classes also being very limited, their grant by the Commissioner is restricted to pupils in classes I and II who fail to obtain one of those scholarships in the control of the Director of Public Instruction. Pupils seeking non-residential scholarships for collegiate education should therefore submit their applications first to the Director of Public Instruction, through this office. The Commissioner of Labour may grant scholarships to approved candidates.

14. The "No fee" rate scholarships are intended to cover, in the case of non-residential scholarships, the cost of books, etc., required for the pupils' study and the special fees which they have to pay to the institution and in the case of residential scholarships, they include the cost of the pupils' boarding also.

15 The non-residential scholarships are payable in two instalments, the first instalment representing three-fourths of the annual value in July 1940 and the second instalment representing the remaining fourth in January 1941.

16. The residential scholarships are payable in three instalments in July, October and January, each instalment representing one-third of the annual value.

17. So that the scholarships may be of timely use to the pupils on the objects for which they are sanctioned and with a view to facilitate the work in the offices of all concerned, the heads of the institutions are requested to prefer their claims promptly without allowing them to accumulate. Also they are requested to cash the bills soon after they are received back countersigned and disburse the amounts to the pupils concerned on proper acquittance in accordance with the rules on the subject. The scholarships sanctioned in 1940-41 should in any case, all be drawn before the end of the official year, that is, the 31st March 1941, and any amount not so drawn cannot be drawn after 31st March 1941 without a fresh sanction from the Commissioner of Labour.

18. All scholarships, residential and non-residential, hold in any class shall run from the beginning of the month in which the holder joins the class and shall not continue to be drawn after he ceases to attend it. A proportionate reduction should accordingly be made in the claims for the scholarship in the cases of pupils joining late or discontinuing studies.

19 A reduction may be made in the case of residential scholarships according to the period the pupil is actually residing in the hostel, etc, away from home.

20. All scholarships are liable to forfeiture for misconduct, irregularity or failure to make due progress or secure promotion. Heads of institutions may grant leave without diminution or loss of

scholarship for a period not exceeding one month, to scholarship-holders who are absent in consequence of illness, but if the leave exceeds this period, no scholarship is to be drawn and disbursed for this excess period. Casual leave without diminution or loss of scholarship may be granted for good and sufficient reasons for a period not exceeding 15 days in the year provided such leave does not immediately precede or succeed a series of gazetted holidays as the Easter and Michaelmas. Heads of institutions should report to the Commissioner of Labour all cases of grant of leave other than casual leave to scholarship-holders. Such reports should be made also to the District Labour Officer if there is one for the district. In the case of *non-residential scholarships* which do not include charges for boarding an deduction is ordinarily made from those who hold scholarships at no fee rates for short periods of absence as the no fee rates are intended for purchase of books, etc., required for their study. Where the periods of absence are for more than a month and the absence is due to avoidable circumstances not beyond the control of the scholarship holder a proportionate deduction may be made as a punishment in the amount of scholarship otherwise due.

21. The Commissioner of Labour has power to grant scholarships only to those who are not in receipt of similar scholarships from the Education or other departments of Government. Therefore no person receiving a scholarship from the Labour department will be permitted to hold any other kind of scholarship from the same Labour department or any scholarship or fee concession from any other department of Government or other source. If a Labour scholarship-holder has to pay fees at rates less than those included in the annual value of the Labour scholarship or has been given a fee remission or scholarship by the Education department or by the school management or by other source, such cases should be reported to the Commissioner of Labour for revision of the rates of scholarship sanctioned.

22. As soon as the scholarship amounts due on behalf of the pupils in an institution are either drawn by them from the treasuries or have been remitted to them by the Commissioner of Labour or the District Labour Officer as the case may be, the heads of the institutions are requested to pay the amounts to the pupils concerned taking their acquittance in the prescribed forms, copies of which can be had from the Commissioner of Labour and send their acquittances to the Commissioner of Labour or the District Labour Officer as the case may be. The heads of the institutions are expected to recover from the pupils, immediately the scholarships are disbursed, the school fees due and see that the balance left over in the hands of the pupils is properly utilised by them on the purchase of books, etc., required for the year and in the case of residential scholarships, on their boarding.

The use of forms which are obsolete or are not appropriate to the kind of scholarship required is likely to result in the application being ignored.

7. Application should be forwarded without any covering letter by the head of the institution in which the pupil is studying on the date of application in 1940-41 or intends to study through the head of the institution in which the pupil studied in 1939-40. In such cases, the applications should be sent to the District Superintendent of Police in time sufficient for him to make the necessary verification and forward the applications before the due date.

10. No application received after the prescribed date will be considered. In all cases where scholarships are sanctioned, intimation will be given to the concerned heads of institutions who are requested to inform the pupils. Where the grant of a scholarship is refused, no such intimation will be given nor will the Commissioner of Labour enter into any correspondence on the subject. Copies of the Labour Commissioner's sanction orders will be communicated to the heads of the departments concerned with the institution, with a view to prevent grant of scholarships for the same pupils from two different departments of Government.

11. The scholarships for commercial education will be granted only to pupils reading in recognised or approved schools of commerce whose general educational qualification is Form IV and above. Heads of commercial institutions are requested when they apply for scholarships to see that their schools are in the list of schools recognised or approved for imparting instruction in the subjects for a course in which the scholarships are required. The minimum general educational qualification required of an applicant for the Physical Education scholarship is that he should be the holder of a secondary school-leaving certificate (passed) with eligibility for the college course. For other scholarships the qualification will be that prescribed for admission to that course of study in the institution concerned.

12. The scholarships will be sanctioned subject to the conditions specified in this notification and to such other conditions as may be laid down in the orders communicating the sanction of scholarships.

13. All scholarships are liable to forfeiture for misconduct, irregularity or failure to make due progress or secure promotion. 14. The Commissioner of Labour has power to grant scholarships only to those who are not in receipt of similar scholarships from the Education or other departments of Government. Therefore no person receiving a scholarship from the Labour Department will be permitted to hold any scholarship or other kind of help from any other department of Government or from other source.

15. All scholarships, residential and non-residential, held in any class shall run from the beginning of the month to which the holder joins the class and shall not continue to be drawn after he ceases to attend it.

16. So that the scholarships may be of timely use to the pupils on the objects for which they are sanctioned and with a view to facilitate the work in the offices of all concerned the heads of the institutions are requested to prefer their claims promptly without allowing them to accumulate. A proportionate reduction should however be made for absence in the case of those who have been given scholarships to cover cost of boarding and/or regular school fees.

14. The Commissioner of Labour has power to grant scholarships only to those who are not in receipt of similar scholarships from the Industries or other departments of Government. Therefore no person receiving a scholarship from the Labour department will be permitted to hold any scholarship or other kind of help from any other department of Government or from other source.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislature received the assent of the Governor General on the 11th March 1940, and is hereby promulgated for general information —

ACT No. V OF 1940.

An Act to provide for the registration and more effective protection of trade marks.

WHEREAS it is expedient to provide for the registration and more effective protection of trade marks; It is hereby enacted as follows:—

CHAPTER I.

Preliminary.

1. (*1*) This Act may be called the Trade Marks Act, 1940. Short title, extent and commencement.

(2) It extends to the whole of British India.

(3) This section and section 85 shall come into force at once, the remaining provisions of the Act shall come into force on such date as the Central Government may, by notification in the official Gazette, appoint in this behalf.

Definitions.

2. (1) In this Act, unless there is anything repugnant in the subject or context,—

(a) "associated trade marks" means trade marks deemed to be, or required to be registered as, associated trade marks under this Act;

(b) "certification trade mark" means a mark adapted in relation to any goods to distinguish in the course of trade goods certified by any person in respect of origin, material, mode of manufacture, quality, accuracy or other characteristic, from goods not so certified and registrable as such under the provisions of Chapter VIII in respect of those goods in the name, as proprietor of the certification trade mark, of that person;

(c) "District Court" has the meaning assigned to it in the Code of Civil Procedure, 1908; V of 1908.

(d) "High Court" means a High Court as defined in sub-section (1) of section 219 of the Government of India Act, 1935; 26 Geo. ch. 2.

(e) "limitations" (with its grammatical variations) means any limitations of the exclusive right to the use of a trade mark given by the registration of a person as proprietor thereof, including limitations of that right as to mode of use, as to use in relation to goods to be sold or otherwise traded in within British India, or as to use in relation to goods to be exported to any market outside British India;

(f) "mark" includes a device, brand, heading, label, ticket, name, signature, word, letter or numeral or any combination thereof;

(*g*) " permitted use " means the use of a trade mark by a registered user thereof in relation to goods with which he is connected in the course of trade and in respect of which for the time being the trade mark remains registered and he is registered as a registered user, being use such as to comply with any conditions or restrictions to which his registration is subject;

(*h*) " prescribed " means prescribed by rules made, in relation to proceedings before a High Court, by such High Court, and in other cases, by the Central Government;

(*i*) " registered " (with its grammatical variations) means registered under this Act;

(*j*) " registered trade mark " means a trade mark which is actually on the register;

(*k*) " registered user " means a person who is for the time being registered as such under section 41;

(*l*) " trade mark " means a mark used or proposed to be used in relation to goods for the purpose of indicating or so as to indicate a connection in the course of trade between the goods and some person having the right, either as proprietor or as registered user, to use the mark whether with or without any indication of the identity of that person;

(*m*) " transmission " means transmission by operation of law, devolution on the personal representative of a deceased person and any other mode of transfers, not being assignment;

(*n*) " tribunal " means the Registrar or, as the case may be, the Court before which the proceeding concerned is pending.

(*2*) References in this Act to the use of a mark shall be construed as references to the use of a printed or other visual representation of the mark, and references herein to the use of a mark in relation to goods shall be construed as references to the use thereof upon, or in any other relation whatsoever to, such goods.

Application of other laws not barred.

3. The provisions of this Act shall be in addition to, and not in derogation of, the provisions of any other law for the time being in force.

CHAPTER II.

The Register and Conditions for Registration.

The register of trade marks.

4. (*1*) For the purposes of this Act there shall be established at the Patent Office a Trade Mark Registry, and a record called the Register of Trade Marks (in this Act referred to as the register) shall be kept thereat wherein shall be entered all registered trade marks with the names, addresses and descriptions of their proprietors, notifications of assignments and transmissions, the names, addresses and descriptions of registered users, disclaimers, conditions, limitations, and such other matters relating to registered trade marks as may be prescribed, but there shall not be entered in the register any notice of any trust express, implied or constructive, nor shall any such notice be receivable by the Registrar.

(*2*) Subject to the superintendence and direction of the Central Government, the register shall be kept under the control and management of the Controller of Patents and Designs, who shall for the purposes of this Act be called the Registrar of Trade Marks and is in this Act referred to as the Registrar.

(*3*) The register shall at all convenient times be open to the inspection of the public, subject to such conditions and restrictions as may be prescribed.

Registration to be in respect of particular goods.

5. (*1*) A trade mark may be registered only in respect of particular goods or classes of goods.

(*2*) Any question arising as to the class within which any goods fall shall be determined by the Registrar whose decision in the matter shall be final.

Distinctiveness requisite for registration.

6. (*1*) A trade mark shall not be registered unless it contains or consists of at least one of the following essential particulars, namely:—

(*a*) the name of a company, individual, or firm, represented in a special or particular manner;

(*b*) the signature of the applicant for registration or some predecessor in his business;

(*c*) one or more invented words;

(*d*) one or more words having no direct reference to the character or quality of the goods, and not being, according to its ordinary signification, a geographical name or surname or the name of a sect, caste or tribe in India;

(*e*) any other distinctive mark, provided that a name, signature, or any word, other than such as fall within the descriptions in the above classes, shall not be registrable except upon evidence of its distinctiveness.

(*2*) For the purposes of this section, the expression "distinctive" means adapted, in relation to the goods in respect of which a trade mark is proposed to be registered, to distinguish goods with which the proprietor of the trade mark is or may be connected in the course of trade from goods in the case of which no such connection subsists, either generally or, where the trade mark is proposed to be registered subject to limitations, in relation to use within the extent of the registration.

(*3*) In determining whether a trade mark is adapted to distinguish as aforesaid, the tribunal may have regard to the extent to which—

(*a*) the trade mark is inherently so adapted to distinguish, and

(*b*) by reason of the use of the trade mark or of any other circumstances, the trade mark is in fact so adapted to distinguish:

Provided that in the case of a trade mark which has been continuously used (either by the applicant for registration or by some predecessor in his business, and either in its original form or with additions or alterations not substantially affecting its identity) in relation to the same goods as those in relation to which registration is applied for, during a period from a date prior to the 25th day of February, 1937, to the date of application for registration, the Registrar shall not refuse registration by reason only of the fact that the trade mark is not adapted to distinguish as aforesaid, and may accept evidence of acquired distinctiveness as entitling the trade mark to registration.

Limitation as to colour.

7. (1) A trade mark may be limited wholly or in part to one or more specified colours, and any such limitation shall be taken into consideration by any tribunal having to decide on the distinctive character of the trade mark.

(2) So far as a trade mark is registered without limitation of colour it shall be deemed to be registered for all colours.

Prohibition of registration of certain matter.

8. No trade mark nor part of a trade mark shall be registered which consists of, or contains, any scandalous design, or any matter the use of which would—

(a) by reason of its being likely to deceive or to cause confusion or otherwise, be disentitled to protection in a Court of justice; or

(b) be likely to hurt the religious susceptibilities of any class of His Majesty's subjects; or

(c) be contrary to any law for the time being in force or to morality.

Use of names of chemical elements barred.

9. No word which is the commonly used and accepted name of any single chemical element or single chemical compound (as distinguished from a mixture) shall be registered as a trade mark in respect of a chemical substance or preparation, and any such registration shall, notwithstanding anything in section 24, be deemed for the purposes of section 46 to be an entry made in the register without sufficient cause or an entry wrongly remaining on the register, as the circumstances may require:

Provided that this section shall not apply to a word which is used to denote only a brand or make of the element or compound as made by the proprietor or a registered user of the trade mark, as distinguished from the element or compound as made by others, and in association with a suitable name or description open to the public use.

Prohibition of registration of identical or similar trade mark.

10. (1) Save as provided in sub-section (2), no trade mark shall be registered in respect of any goods or description of goods which is identical with a trade mark belonging to a different proprietor and already on the register in respect of the same goods or description of goods, or which so nearly resembles such trade mark as to be likely to deceive or cause confusion.

(2) In case of honest concurrent use or of other special circumstances which, in the opinion of the Registrar, make it proper so to do he may permit the registration by more than one proprietor of trade marks which are identical or nearly resemble each other in respect of the same goods or description of goods, subject to such conditions and limitations, if any, as the Registrar may think fit to impose

(3) Where separate applications are made by different persons to be registered as proprietors respectively of trade marks which are identical or nearly resemble each other, in respect of the same goods or description of goods, the Registrar may refuse to register any of them until their rights have been determined by a competent Court.

Registration of parts of trade marks and of trade marks as a series.

11. (1) Where the proprietor of a trade mark claims to be entitled to the exclusive use of any part thereof separately, he may apply to register the whole and the part as separate trade marks.

(2) Each such separate trade mark shall satisfy all the conditions applying to, and have all the incidents of, an independent trade mark.

(3) Where a person claiming to be the proprietor of several trade marks in respect of the same goods or description of goods which, while resembling each other in the material particulars thereof, yet differ in respect of—

(a) statements of the goods in relation to which they are respectively used or proposed to be used; or

(b) statements of number, price, quality, or names of places; or

(c) other matter of a non-distinctive character which does not substantially affect the identity of the trade mark; or

(d) colour;

seeks to register those trade marks, they may be registered as a series in one registration.

Associated trade marks.

12. (1) Where a trade mark which is registered, or is the subject of an application for registration, in respect of any goods is identical with another trade mark which is registered, or is the subject of an application for registration, in the name of the same

proprietor in respect of the same goods or description of goods, or so nearly resembles it as to be likely to deceive or cause confusion if used by a person other than the proprietor, the Registrar may at any time require that the trade marks shall be entered on the register as associated trade marks.

(2) Where a trade mark and any part thereof are, in accordance with the provisions of sub-section (1) of section 11, registered as separate trade marks in the name of the same proprietor, they shall be deemed to be, and shall be registered as, associated trade marks.

(3) All trade marks registered in accordance with the provisions of sub-section (3) of section 11 as a series in one registration shall be deemed to be, and shall be registered as, associated trade marks.

(4) On application made in the prescribed manner by the registered proprietor of two or more trade marks registered as associated trade marks, the Registrar may dissolve the association as respects any of them if he is satisfied that there would be no likelihood of deception or confusion being caused if that trade mark were used by any other person in relation to any of the goods in respect of which it is registered, and may amend the register accordingly.

Registration subject to disclaimer.

13. If a trade mark contains—

(a) any part not separately registered as a trade mark in the name of the proprietor, or for the separate registration of which no application has been made, or

(b) any matter common to the trade, or otherwise of a non-distinctive character,

the tribunal, in deciding whether the trade mark shall be entered or shall remain on the register, may require, as a condition of its being on the register, that the proprietor shall either disclaim any right to the exclusive use of such part or of all or any portion of such matter, as the case may be, to the exclusive use of which the tribunal holds him not to be entitled, or make such other disclaimer as the tribunal may consider necessary for the purpose of defining the rights of the proprietor under the registration:

Provided that no disclaimer shall affect any rights of the proprietor of a trade mark except such as arise out of the registration of the trade mark in respect of which the disclaimer is made.

CHAPTER III.

Procedure for, and duration of, Registration.

Application for registration.

14. (*1*) Any person claiming to be the proprietor of a trade mark used or proposed to be used by him who is desirous of registering it shall apply in writing to the Registrar in the prescribed manner, and subject to the provisions of this Act, the Registrar may refuse the application or may accept it absolutely or subject to such amendments, modifications, conditions or limitations, if any, as he may think fit.

(*2*) In the case of a refusal or conditional acceptance the Registrar shall, if required by the applicant, state in writing the grounds of his decision and the materials used by him in arriving thereat.

(*3*) The tribunal may at any time, whether before or after acceptance, correct any error in or in connection with the application, or may permit the applicant to amend his application upon such terms as it may think fit.

Opposition to registration.

15. (*1*) When an application for registration of a trade mark has been accepted, whether absolutely or subject to conditions or limitations, the Registrar shall, as soon as may be after acceptance, cause the application as accepted, together with the conditions and limitations, if any, subject to which it has been accepted, to be advertised in the prescribed manner:

Provided that the Registrar may cause an application to be advertised before acceptance if it relates to a trade mark to which clause (*e*) of sub-section (*1*) of section 6 applies, or in any other case where it appears to him that it is expedient by reason of any exceptional circumstances so to do, and where an application has been so advertised the Registrar may, if he thinks fit, advertise it again when it has been accepted, but shall not be bound so to do.

(*2*) Any person may, within the prescribed time from the date of the advertisement of an application, give notice in writing in the prescribed manner to the Registrar of opposition to the registration.

(3) The Registrar shall serve in the prescribed manner a copy of the notice on the applicant, and within the prescribed time the applicant shall send to the Registrar, in the prescribed manner, a counter-statement of the grounds on which he relies for his application, and, if he does not do so, he shall be deemed to have abandoned his application.

(4) If the applicant sends such counter-statement, the Registrar shall serve in the prescribed manner a copy thereof on the persons giving notice of opposition, and shall, after hearing the parties, if so required, and considering the evidence, decide whether, and subject to what conditions or limitations, if any, registration is to be permitted.

(5) If a person giving notice of opposition or an applicant sending a counter-statement after receipt of a copy of such notice, or an appellant against any order of the Registrar under section 14 or this section, neither resides nor carries on business in British India, the tribunal may require him to give security for costs of the proceedings before it, and in default of such security being duly given may treat the opposition or application or appeal, as the case may be, as abandoned.

Registration.

16. (1) When an application for registration of a trade mark has been accepted and either has not been opposed and the time for notice of opposition has expired, or having been opposed, has been decided in favour of the applicant, the Registrar shall, unless the application has been accepted in error, or unless the Central Government otherwise directs, register the said trade mark, and the trade mark, when registered, shall be registered as of the date of the making of the said application, and that date shall, subject to any directions made under section 83 applicable to such trade mark, be deemed for the purposes of this Act to be the date of registration.

(2) On the registration of a trade mark the Registrar shall issue to the applicant a certificate in the prescribed form of the registration thereof sealed with the seal of the Patent Office.

(3) Where registration of a trade mark is not completed within twelve months from the date of the application by reason of default on the part of the

applicant, the Registrar may, after giving notice to the applicant in the prescribed manner, treat the application as abandoned unless it is completed within the time specified in that behalf in the notice.

Jointly owned trade marks.

17. (1) Save as provided in sub-section (2), nothing in this Act shall authorise the registration of two or more persons who use a trade mark independently, or propose so to use it, as joint proprietors thereof.

(2) Where the relations between two or more persons interested in a trade mark are such that no one of them is entitled as between himself and the other or others of them to use it except—

(a) on behalf of both or all of them, or

(b) in relation to an article with which both or all of them are connected in the course of trade,

those persons may be registered as joint proprietors of the trade mark, and this Act shall have effect in relation to any rights to the use of the trade mark vested in those persons as if those rights had been vested in a single person.

Duration and renewal of registration.

18. (1) The registration of a trade mark shall be for a period of seven years, but may be renewed from time to time in accordance with the provisions of this section.

(2) The Registrar shall, on application made by the registered proprietor of a trade mark in the prescribed manner and within the prescribed period, renew the registration of the trade mark for a period of fifteen years from the date of expiration of the original registration or of the last renewal of registration, as the case may be (which date is in this section referred to as "the expiration of the last registration").

(3) At the prescribed time before the expiration of the last registration of a trade mark, the Registrar shall send notice in the prescribed manner to the registered proprietor of the date of expiration and the conditions as to payment of fees and otherwise upon which a renewal of registration may be obtained, and if at the expiration of the time prescribed in that behalf those conditions have not been duly complied with the

Registrar may remove the trade mark from the register, subject to such conditions (if any) as to its restoration to the register as may be prescribed.

Effect of removal from register for failure to pay fee for renewal.

19. Where a trade mark has been removed from the register for failure to pay the fee for renewal, it shall nevertheless, for the purpose of any application for the registration of another trade mark during one year next after the date of the removal, be deemed to be a trade mark already on the register, unless the tribunal is satisfied either—

(*a*) that there has been no *bona fide* trade use of the trade mark which has been removed during the two years immediately preceding its removal; or

(*b*) that no deception or confusion would be likely to arise from the use of the trade mark which is the subject of the application for registration by reason of any previous use of the trade mark which has been removed.

CHAPTER IV.

Effect of Registration.

No action for infringement of unregistered trade mark.

20. (*1*) No person shall be entitled to institute any proceeding to prevent, or to recover damages for, the infringement of an unregistered trade mark unless such trade mark has been continuously in use since before the 25th day of February, 1937, by such person or by a predecessor in title of his and unless an application for its registration, made within five years from the commencement of this Act, has been refused; and the Registrar shall, on application in the prescribed manner, grant a certificate that such application has been refused.

(*2*) Nothing in this Act shall be deemed to affect rights of action against any person for passing off goods as the goods of another person or the remedies in respect thereof.

Right conferred by registration.

21. Subject to the provisions of sections 22, 25 and 26, the registration of a person in the register as proprietor of a trade mark in respect of any goods shall, if valid, give to that person the exclusive right

to the use of the trade mark in relation to those goods and, without prejudice to the generality of the foregoing provision, that right shall be deemed to be infringed by any person who, not being the proprietor of the trade mark or a registered user thereof using by way of the permitted use, uses a mark identical with it or so nearly resembling it as to be likely to deceive or cause confusion, in the course of trade, in relation to any goods in respect of which it is registered, and in such manner as to render the use of the mark likely to be taken either—

(*a*) as being use as a trade mark; or

(*b*) to import a reference to some person having the right either as a proprietor or as registered user to use the trade mark or to goods with which such a person as aforesaid is connected in the course of trade.

No infringement in certain circumstances.

22. (*1*) The right to the use of a trade mark given under section 21 by registration shall be subject to any conditions or limitations entered on the register, and shall not be deemed to be infringed by the use of any such mark as aforesaid in any mode, in relation to goods to be sold or otherwise traded in, in any place, or in relation to goods to be exported to any market, or in any other circumstances, to which, having regard to any such limitations, the registration does not extend.

(*2*) The said right to the use of a trade mark shall not be deemed to be infringed by the use of any such mark as aforesaid by any person—

(*a*) in relation to goods connected in the course of trade with the proprietor or a registered user of the trade mark if, as to those goods or a bulk of which they form part, the proprietor or the registered user conforming to the permitted use has applied the trade mark and has not subsequently removed or obliterated it, or has at any time expressly or impliedly consented to the use of the trade mark; or

(*b*) in relation to goods adapted to form part of, or to be accessory to, other goods in relation to which the trade mark has been used

without infringement of the right given as aforesaid or might for the time being be so used, if the use of the mark is reasonably necessary in order to indicate that the goods are so adapted and neither the purpose nor the effect of the use of the mark is to indicate otherwise than in accordance with the fact a connection in the course of trade between any person and the goods.

(3) The use of a registered trade mark, being one of two or more registered trade marks which are identical or nearly resemble each other, in exercise of the right to the use of that trade mark given by registration as aforesaid, shall not be deemed to be an infringement of the right so given to the use of any other of those trade marks.

Registration to be *prima facie* evidence of validity.

23. In all legal proceedings relating to a registered trade mark, the fact that a person is registered as proprietor thereof shall be *prima facie* evidence of the validity of the original registration of the trade mark and of all subsequent assignments and transmissions thereof.

Registration to be conclusive as to validity after seven years.

24. In all legal proceedings relating to a registered trade mark, the original registration of the trade mark shall after the expiration of seven years from the date of such original registration be taken to be valid in all respects unless such registration was obtained by fraud, or unless the trade mark offends against the provisions of section 8.

Saving for vested rights.

25. Nothing in this Act shall entitle the proprietor or a registered user of a registered trade mark to interfere with or restrain the use by any person of a trade mark identical with or nearly resembling it in relation to goods in relation to which that person or a predecessor in title of his has continuously used that trade mark from a date prior—

(*a*) to the use of the first-mentioned trade mark in relation to those goods by the proprietor or a predecessor in title of his, or

(*b*) to the registration of the first-mentioned trade mark in respect of those goods in the name of the proprietor or a predecessor in title of his,

whichever is the earlier, or to object (on such use being proved) to registration of that identical or nearly resembling trade mark in respect of those goods under sub-section (*g*) of section 10.

Saving for use of name, address, or description of goods

26. No registration of a trade mark shall interfere with any *bona fide* use by a person of his own name or that of his place of business, or of the name, or of the name of the place of business, of any of his predecessors in business, or the use by any person of any *bona fide* description of the character or quality of his goods, not being a description that would be likely to be taken as importing any such reference as is mentioned in clause (*b*) of section 21 or in clause (*b*) of section 57.

Words used as name or description of an article or substance.

27. (*1*) The registration of a trade mark shall not be deemed to have become invalid by reason only of any use after the date of the registration of any words which the trade mark contains or of which it consists as the name or description of an article or substance:

Provided that, if it is proved either—

(*a*) that there is a well-known and established use of the said words as the name or description of the article or substance by a person or persons carrying on a trade therein, not being use in relation to goods connected in the course of trade with the proprietor or a registered user of the trade mark or (in the case of a certification trade mark) goods certified by the proprietor; or

(*b*) that the article or substance has been manufactured under a patent in force at or granted after the commencement of this section, that a period of two years or more after the cesser of the patent has elapsed, and that the said words are the only practicable name or description of the article or substance,—

the provisions of sub-section (*2*) shall apply.

(2) Where the facts mentioned in clause (*a*) or clause (*b*) of the proviso to sub-section (*1*) are proved with respect to any words, then—

(*a*) for the purposes of any proceedings under section 46—

(*i*) if the trade mark consists solely of such words, the registration of the trade mark, so far as regards registration in respect of the article or substance in question or of any goods of the same description, shall be deemed to be an entry wrongly remaining on the register;

(*ii*) if the trade mark contains such words and other matter, the tribunal, in deciding whether the trade mark shall remain on the register, so far as regards registration in respect of the article or substance in question and of any goods of the same description, may, in case of a decision in favour of its remaining on the register, require as a condition thereof that the proprietor shall disclaim any right to the exclusive use in relation to that article or substance and any goods of the same description, of such words, provided that no disclaimer shall affect any rights of the proprietor of a trade mark except such as arise out of the registration of the trade mark in respect of which the disclaimer is made;

(*b*) for the purposes of any other legal proceedings relating to the trade mark,—

(*i*) if the trade mark consists solely of such words, all rights of the proprietor under this Act or any other law to the exclusive use of the trade mark in relation to the article or substance in question or to any goods of the same description, or

(*ii*) if the trade mark contains such words and other matter, all such rights of the

proprietor to the exclusive use of such words, in such relation as aforesaid,

shall be deemed to have ceased on the date at which the use mentioned in clause (*a*) of the proviso to sub-section (*1*) first became well-known and established, or at the expiration of the period of two years mentioned in clause (*b*) of the said proviso.

CHAPTER V.

Assignment and Transmission.

Power of registered proprietor to assign and give receipts.

28. The person for the time being entered in the register as proprietor of a trade mark shall, subject to the provisions of this Act and to any rights appearing from the register to be vested in any other person, have power to assign the trade mark, and to give effectual receipts for any consideration for such assignment.

Assignability of registered trade marks.

29 Notwithstanding anything in any other law to the contrary, a registered trade mark shall, subject to the provisions of this Chapter, be assignable and transmissible whether in connection with the goodwill of a business or not, and in respect either of all of the goods in respect of which it is registered or of some only of those goods.

Assignability of unregistered trade marks.

30. An unregistered trade mark shall be assignable and transmissible whether in connection with the goodwill of a business or not:

Provided that, except in connection with the goodwill of a business, assignment or transmission shall be permissible only if—

(*a*) at the time of assignment or transmission of the unregistered trade mark it is used in the same business as a registered trade mark, and

(*b*) the registered trade mark is assigned or transmitted at the same time and to the same person as the unregistered trade mark, and

(c) the unregistered trade mark relates to goods in respect of which the registered trade mark is assigned or transmitted.

Restrictions on assignment or transmission where multiple exclusive rights would be created.

31. (1) Notwithstanding anything in sections 29 and 30, a trade mark shall not be assignable or transmissible in a case in which as a result of the assignment or transmission there would in the circumstances subsist, whether under this Act or any other law, exclusive rights in more than one of the persons concerned to the use, in relation to the same goods or description of goods, of trade marks nearly resembling each other or of identical trade marks, if, having regard to the similarity of the goods and of the trade marks, the use of the trade marks in exercise of those rights would be likely to deceive or cause confusion:

Provided that an assignment or transmission shall not be deemed to be invalid under this sub-section if the exclusive rights subsisting as a result thereof in the persons concerned respectively are, having regard to limitations imposed thereon, such as not to be exercisable by two or more of those persons in relation to goods to be sold, or otherwise traded in, within British India (otherwise than for export therefrom), or in relation to goods to be exported to the same market outside British India.

(2) The proprietor of a registered trade mark who proposes to assign it may submit to the Registrar in the prescribed manner a statement of case setting out the circumstances and the Registrar may issue to him a certificate stating whether, having regard to the similarity of the goods and of the trade marks referred to in the case, the proposed assignment would or would not be invalid under sub-section (1), and a certificate so issued shall, subject to appeal and unless it is shown that the certificate was obtained by fraud or misrepresentation, be conclusive as to the validity or invalidity under sub-section (1) of the assignment in so far as such validity or invalidity depends upon the facts set out in the case, but, as regards a certificate in favour of validity, only if application for the registration under section 35 of the title of the person becoming entitled is made within six months from the date on which the certificate is issued.

Restrictions on assignment or transmission when exclusive rights would be created in different parts of British India.

32. Notwithstanding anything in sections 29 and 30, a trade mark shall not be assignable or transmissible in a case in which as a result of the assignment or transmission there would in the circumstances subsist, whether under this Act or any other law, an exclusive right in one of the persons concerned to the use of the trade mark limited to use in relation to goods to be sold, or otherwise traded in, in any place in British India and an exclusive right in another of these persons to the use of a trade mark nearly resembling the first-mentioned trade mark or of an identical trade mark in relation to the same goods or description of goods limited to use in relation to goods to be sold, or otherwise traded in, in any other place in British India:

Provided that in any such case, on application in the prescribed manner by the proprietor of a trade mark who proposes to assign it, or by a person who claims that a registered trade mark has been transmitted to him or to a predecessor in title of his since the commencement of this Act, the Registrar, if he is satisfied that in all the circumstances the use of the trade mark in exercise of the said rights would not be contrary to the public interest, may approve the assignment or transmission, and an assignment or transmission so approved shall not, unless it is shown that the approval was obtained by fraud or misrepresentation, be deemed to be invalid under this section or section 31 if application for the registration under section 35 of the title of the person becoming entitled is made within six months from the date on which the approval is given or, in the case of a transmission, was made before that date.

Conditions for assignment other wise than in connection with the goodwill of a business.

33. Where an assignment in respect of any goods of a trade mark which is at the time of the assignment used in a business in those goods, is made after the commencement of this Act otherwise than in connection with the goodwill of that business, the assignment shall not take effect unless the assignee, not later than the expiration of six months from the date on which the assignment is made or within such extended period, if any, as the Registrar may allow, applies to

the Registrar for directions with respect to the advertisement of the assignment, and advertises it in such form and manner and within such period as the Registrar may direct.

Conditions for assignment and transmission of certification trade marks and associated trade marks.

34. (*1*) A certification trade mark shall not be assignable or transmissible otherwise than with the consent of the Central Government, for which application shall be made in writing in the prescribed manner through the Registrar.

(*2*) Associated trade marks shall be assignable and transmissible only as a whole and not separately.

Registration of assignments and transmissions.

35. (*1*) Where a person becomes entitled by assignment or transmission to a registered trade mark, he shall apply in the prescribed manner to the Registrar to register his title, and the Registrar shall on receipt of the application and on proof of title to his satisfaction, register him as the proprietor of the trade mark in respect of the goods in respect of which the assignment or transmission has effect, and shall cause particulars of the assignment or transmission to be entered on the register.

(*2*) Except for the purposes of an appeal against a decision of the Registrar under sub-section (*1*) or of an application under section 46, a document or instrument in respect of which no entry has been made in the register in accordance with sub-section (*1*) shall not be admitted in evidence before any tribunal in proof of the title to a trade mark unless the tribunal otherwise directs.

CHAPTER VI.

Use of Trade Marks and Registered Users.

Proposed use of trade mark by company to be formed.

36. (*1*) No application for the registration of a trade mark in respect of any goods shall be refused, nor shall permission for such registration be withheld, on the ground only that it appears that the applicant does not use or propose to use the trade mark, if the Registrar is satisfied that a company is about to be formed and registered under the Indian Companies Act, 1913, and that the applicant intends to assign VII of 1913 the trade mark to that company with a view to the use thereof in relation to those goods by the company.

(2) The tribunal may, in a case to which sub-section (1) applies, require the applicant to give security for the costs of any proceedings relative to any opposition or appeal, and in default of such security being duly given may treat the application as abandoned.

(3) Where in a case to which sub-section (1) applies, a trade mark in respect of any goods is registered in the name of an applicant who relies on intention to assign to a company, then, unless within such period as may be prescribed, or within such further period not exceeding six months as the Registrar may, on application being made to him in the prescribed manner, allow, the company has been registered as the proprietor of the trade mark in respect of those goods, the registration shall cease to have effect in respect thereof at the expiration of that period, and the Registrar shall amend the register accordingly.

Removal from register and imposition of limitations on ground of non-use.

37. (1) Subject to the provisions of section 38, a registered trade mark may be taken off the register in respect of any of the goods in respect of which it is registered on application in the prescribed manner by any person aggrieved to a High Court or to the Registrar, on the ground either—

(a) that the trade mark was registered without any *bona fide* intention on the part of the applicant for registration that it should be used in relation to those goods by him or, in a case to which the provisions of section 36 apply, by the company concerned, and that there has in fact been no *bona fide* use of the trade mark in relation to those goods by any proprietor thereof for the time being up to a date one month before the date of the application; or

(b) that up to a date one month before the date of the application, a continuous period of five years or longer elapsed during which the trade mark was registered and during which there was no *bona fide* use thereof in relation to those goods by any proprietor thereof for the time being:

Provided that, except where the applicant has been permitted under sub-section (*2*) of section 10 to register an identical or nearly resembling trade mark in respect of the goods in question or where the tribunal is of opinion that he might properly be permitted so to register such a trade mark, the tribunal may refuse an application made under clause (*a*) or clause (*b*) in relation to any goods, if it is shown that there has been, before the relevant date or during the relevant period, as the case may be, *bona fide* use of the trade mark by any proprietor thereof for the time being in relation to goods of the same description, being goods in respect of which the trade mark is registered.

(*2*) Where in relation to any goods in respect of which a trade mark is registered—

(*a*) the circumstances referred to in clause (*b*) of sub-section (*1*) are shown to exist so far as regards non-use of the trade mark in relation to goods to be sold, or otherwise traded in, in a particular place in British India (otherwise than for export from British India), or in relation to goods to be exported to a particular market outside British India, and

(*b*) a person has been permitted under sub-section (*2*) of section 10 to register an identical or nearly resembling trade mark in respect of those goods under a registration extending to use in relation to goods to be so sold, or otherwise traded in, or in relation to goods to be so exported, or the tribunal is of opinion that he might properly be permitted so to register such a trade mark,

on application by that person in the prescribed manner to a High Court or to the Registrar, the tribunal may impose on the registration of the first-mentioned trade mark such limitations as it thinks proper for securing that that registration shall cease to extend to such use.

(*3*) An applicant shall not be entitled to rely for the purpose of clause (*b*) of sub-section (*1*) or of sub-section (*2*) on any non-use of a trade mark which is

shown to have been due to special circumstances in the trade and not to any intention to abandon or not to use the trade mark in relation to the goods to which the application relates.

Defensive registration of well-known trade marks.

38. (*1*) Where a trade mark consisting of any invented word has become so well-known as respects any goods in relation to which it is registered and has been used, that the use thereof in relation to other goods would be likely to be taken as indicating a connection in the course of trade between those goods and a person entitled to use the trade mark in relation to the first-mentioned goods, then, notwithstanding that the proprietor registered in respect of the first-mentioned goods does not use or propose to use the trade mark in relation to those other goods and notwithstanding anything in section 37, the trade mark may on application in the prescribed manner by such proprietor be registered in his name in respect of those other goods as a defensive trade mark and, while so registered, shall not be liable to be taken off the register in respect of those goods under the said section.

(*2*) The registered proprietor of a trade mark may apply for the registration thereof in respect of any goods as a defensive trade mark notwithstanding that it is already registered in his name in respect of those goods otherwise than as a defensive trade mark, or may apply for the registration thereof in respect of any goods otherwise than as a defensive trade mark notwithstanding that it is already registered in his name in respect of those goods as a defensive trade mark, in lieu in each case of the existing registration.

(*3*) A trade mark registered as a defensive trade mark and that trade mark as otherwise registered in the name of the same proprietor shall, notwithstanding that the respective registrations are in respect of different goods, be deemed to be, and shall be registered as, associated trade marks.

(*4*) On application in the prescribed manner by any person aggrieved to a High Court or to the Registrar, the registration of a trade mark as a defensive trade mark may be cancelled on the ground that the requirements of sub-section (*1*) are no longer satisfied in respect of any goods in relation to which the trade mark is registered in the name of the same

proprietor otherwise than as a defensive trade mark, or may be cancelled as respects any goods in relation to which it is registered as a defensive trade mark on the ground that there is no longer any likelihood that the use of the trade mark in relation to those goods would be taken as giving the indication mentioned in sub-section (*1*).

(*5*) The Registrar may at any time cancel the registration as a defensive trade mark of a trade mark of which there is no longer any registration in the name of the same proprietor otherwise than as a defensive trade mark.

(*6*) Except as otherwise expressly provided in this section, the provisions of this Act shall apply in respect of the registration of trade marks as defensive trade marks and of trade marks so registered as they apply in other cases.

Registered users.

39. (*1*) A person other than the proprietor of a trade mark may be registered as a registered user thereof in respect of all or any of the goods in respect of which it is registered (otherwise than as a defensive trade mark) and either with or without conditions or restrictions.

(*2*) The permitted use of a trade mark shall be deemed to be use by the proprietor thereof, and shall be deemed not to be use by a person other than the proprietor, for any purpose for which such use is material under this Act or any other law.

Power of registered user to take proceedings against infringement.

40. (*1*) Subject to any agreement subsisting between the parties, a registered user of a trade mark shall be entitled to call upon the proprietor thereof to take proceedings to prevent infringement thereof, and if the proprietor refuses or neglects to do so within three months after being so called upon, the registered user may institute proceedings for infringement in his own name as if he were the proprietor, making the proprietor a defendant.

(*2*) Notwithstanding anything contained in any other law, a proprietor so added as defendant shall not be liable for any costs unless he enters an appearance and takes part in the proceedings.

Application for registration as registered user.

41. (1) Where it is proposed that a person should be registered as a registered user of a trade mark, the proprietor and the proposed registered user shall make application in writing to the Registrar in the prescribed manner accompanied by an affidavit made by the proprietor, or by some person authorized to the satisfaction of the Registrar to act on his behalf,—

(a) giving particulars of the relationship, existing or proposed, between the proprietor and the proposed registered user, including particulars showing the degree of control by the proprietor over the permitted use which their relationship will confer and whether it is a term of their relationship that the proposed registered user shall be the sole registered user or that there shall be any other restriction as to persons for whose registration as registered users application may be made;

(b) stating the goods in respect of which registration is proposed;

(c) stating any conditions or restrictions proposed with respect to the characteristics of the goods, to the mode or place of permitted use, or to any other matter;

(d) stating whether the permitted use is to be for a period or without limit of period, and, if for a period, the duration thereof;

and by such further documents, information or evidence as may be required by the Registrar or as may be prescribed.

(2) When the requirements of sub-section (1) have been complied with, if the Registrar is satisfied that in all the circumstances the use of the trade mark in respect of the proposed goods or any of them by the proposed registered user subject to any conditions or restrictions which the Registrar may think proper, would not be contrary to the public interest, the Registrar may register, subject as aforesaid, the proposed registered user as a registered user in respect of the goods as to which he is so satisfied,

(3) The Registrar shall refuse an application under this section if it appears to him that the grant there of would tend to facilitate trafficking in a trade mark.

(4) The Registrar shall, if so requested by an applicant, take steps for securing that information given for the purposes of an application under this section (other than matter entered in the register) is not disclosed to rivals in trade.

(5) The Registrar shall issue notice in the prescribed manner—

(a) of the registration of a person as a registered user, to any other registered user of the trade mark;

(b) of an application under section 42, to the registered proprietor, and each registered user (not being the applicant) of the trade mark.

Power to Registrar to vary or cancel registration as registered user.

42 Without prejudice to the provisions of section 46, the registration of a person as a registered user—

(a) may be varied by the Registrar as regards the goods in respect of which, or any conditions or restrictions subject to which, it has effect, on the application in writing in the prescribed manner of the registered proprietor of the trade mark;

(b) may be cancelled by the Registrar on the application in writing in the prescribed manner of the registered proprietor or of the registered user or of any other registered user of the trade mark;

(c) may be cancelled by the Registrar on the application in writing in the prescribed manner of any person on any of the following grounds, namely:—

(ii) that the proprietor or the registered user misrepresented, or failed to disclose, some fact material to the application for the registration, or that the circumstances have materially changed since the date of the registration;

45. (*1*) The application in British India of a trade mark to goods to be exported from British India, and any other act done in British India in relation to goods to be so exported which, if done in relation to goods to be sold or otherwise traded in within British India would constitute use of a trade mark therein, shall be deemed to constitute use of the trade mark in relation to those goods for any purpose for which such use is material under this Act or any other law.

(*2*) The use of a registered trade mark in relation to goods between which and the person using the mark any form of connection in the course of trade subsists

shall not be deemed to be likely to cause deception or confusion on the ground only that the mark has been or is used in relation to goods between which and the person using the mark or any predecessor in his business different form of connection in the course of trade subsisted or subsists.

CHAPTER VII.

(*4*) A High Court or the Registrar, of its or his own motion, may, after giving notice in the prescribed manner to the parties concerned and after giving them an opportunity of being heard, make any order referred to in sub-section (*1*) or sub-section (*2*).

(*3*) Where leave is granted under this section, the trade mark as altered shall be advertised in the prescribed manner, unless the application has already been advertised under sub-section (*2*).

49. (*1*) The Registrar shall not, in exercise of any power conferred on him under clause (*a*) of sub-section (*2*) of section 84, make any amendment of the register which would have the effect of adding any goods or classes of goods to those in respect of which a trade mark is registered (whether in one or more classes)

immediately before the amendment is to be made, or of antedating the registration of a trade mark in respect of any goods:

Provided that this sub-section shall not apply when the Registrar is satisfied that compliance therewith would involve undue complexity and that the addition or antedating, as the case may be, would not affect any substantial quantity of goods and would not substantially prejudice the rights of any person.

(*2*) A proposal so to amend the register shall be notified to the registered proprietor of the trade mark affected and advertised in the prescribed manner, and may be opposed before the Registrar by any person aggrieved on the ground that the proposed amendment contravenes the provisions of sub-section (*1*).

CHAPTER VIII.

Certification Trade Marks.

Provisions of this Act applicable to certification trade marks.

50. Subject to the provisions of this Chapter, the other provisions of this Act except sections 6, 21, 22, 31, 32, 33, 36, 37, 38, 39, 40, 41, 42 and 43 and sub-section (*2*) of section 45 shall apply to certification trade marks as they apply to trade marks.

Certification trade mark not to be registered in name of person trading in goods certified thereby.

51. A mark shall not be registrable as a certification trade mark in the name of a person who carries on a trade in goods of the kind certified.

Determination whether a mark is a certification trade mark.

52. In determining whether a mark is adapted to distinguish in accordance with the provisions of clause (*b*) of sub-section (*1*) of section 2, the tribunal may have regard to the extent to which—

(*a*) the mark is inherently so adapted to distinguish in relation to the goods in question; and

(*b*) by reason of the use of the mark or of any other circumstances, the mark is in fact so adapted to distinguish in relation to the goods in question.

Application for registration.

53. (*1*) An application for the registration of a mark as a certification trade mark shall be made to the Registrar in writing in the prescribed manner by the

person proposed to be registered as the proprietor thereof, and accompanied by a draft of the regulations to be deposited under section 56.

(2) The provisions of section 14 shall have effect in relation to an application under this section as they have effect in relation to an application under the said section, except that for references therein to acceptance of an application there shall be substituted references to authorisation to proceed with the application.

(3) In dealing under the said provisions with an application under this section, the tribunal shall have regard to the like considerations, so far as relevant, as if the application were an application under section 14 and to any other considerations (not being matters within the competence of the Central Government under section 54) relevant to applications under this section, including the desirability of securing that a certification trade mark shall comprise some indication that it is a certification trade mark.

Consideration of application for registration by Central Government.

54. When authorisation to proceed with an application under section 53 has been given, the Registrar shall forward the application to the Central Government who shall consider the application with regard to the following matters, namely:—

(a) whether the applicant is competent to certify the goods in respect of which the mark is to be registered;

(b) whether the draft of the regulations to be deposited under section 56 is satisfactory;

(c) whether in all the circumstances the registration applied for would be to the public advantage;

and may either—

(i) direct that the application shall not be accepted; or

(ii) direct the Registrar to accept the application and approve the said draft of the regulations either without modification and unconditionally or subject to any conditions or limitations, or to any amendments or modification of the application or of the regulations, which it thinks requisite having regard to any of the said matters.

but, except in the case of a direction for acceptance and approval without modification and unconditionally, the Central Government shall not decide the matter without giving to the applicant an opportunity of being heard:

Provided that the Central Government may, at the request of the applicant made with the concurrence of the Registrar, consider the application with regard to any of the said matters before authorisation to proceed with the application has been given, so however that the Central Government shall be at liberty to reconsider any matter on which it has given a decision under this proviso if any amendment or modification is thereafter made in the application or in the draft of the regulations.

Opposition to registration.

55. (*1*) When an application has been accepted the Registrar shall, as soon as may be thereafter, cause the application as accepted to be advertised in the prescribed manner, and the provisions of section 15 shall have effect in relation to the registration of the mark as if the application had been an application under section 14:

Provided that, in deciding under the said provisions the tribunal shall have regard only to the considerations referred to in sub-section (*3*) of section 53, and a decision under the said provisions in favour of the applicant shall be conditional on the determination in his favour by the Central Government under sub-section (*2*) of this section of any opposition relating to any of the matters referred to in section 54.

(*2*) When notice of opposition is given relating to any of the matters referred to in section 54, the Central Government shall, after hearing the parties, if so required and considering any evidence, decide whether, and subject to what conditions or limitations, or amendments or modifications, if any, of the application or of the regulations to be deposited under section 56, registration is, having regard to those matters, to be permitted.

Deposit of regulations governing the use of a certification trade mark.

56. (*1*) There shall be deposited at the Patent Office in respect of every mark registered as a certification trade mark regulations approved by the Central Government for governing the use thereof, which shall

include provisions as to the cases in which the proprietor is to certify goods and to authorise the use of the certification trade mark, and may contain any other provisions which the Central Government may by general or special order require or permit to be inserted therein (including provisions conferring a right of appeal to the Registrar against any refusal of the proprietor to certify goods or to authorise the use of the certification trade mark in accordance with the regulations); and regulations so deposited shall be open to inspection in like manner as the register.

(2) The regulations so deposited may on the application of the registered proprietor be altered by the Registrar with the consent of the Central Government.

(3) The Central Government may cause such application to be advertised in any case where it appears to it expedient so to do, and where it does so, if within the time specified in the advertisement any person gives notice of opposition to the application, the Central Government shall not decide the matter without giving the parties an opportunity of being heard.

Right conferred by registration.

57. Subject to the provisions of sections 25, 26 and 58, the registration of a person as proprietor of a certification trade mark in respect of any goods shall, if valid, give to that person the exclusive right to the use of the certification trade mark in relation to those goods, and, without prejudice to the generality of the foregoing provision, that right shall be deemed to be infringed by any person who, not being the proprietor of the mark or a person authorised by him in that behalf under the regulations deposited under section 56, using it in accordance therewith, uses a mark identical with it or so nearly resembling it as to be likely to deceive or cause confusion, in the course of trade, in relation to any goods in respect of which it is registered, and in such manner as to render the use of the mark likely to be taken either—

(a) as being use as a certification trade mark; or

(b) to import a reference to some person having the right either as proprietor, or by his authorisation under the said regulations, to use the mark, or to goods certified by the proprietor.

No infringement in certain circumstances.

58. (*1*) The right to the use of a certification trade mark given under section 57 by registration shall be subject to any conditions or limitations entered on the register, and shall not be deemed to be infringed by the use of any such mark as aforesaid in any mode, in relation to goods to be sold or otherwise traded in in any place, in relation to goods to be exported to any market, or in any other circumstances, to which having regard to any such limitations, the registration does not extend.

(*2*) The said right to the use of a certification trade mark shall not be deemed to be infringed by the use of any such mark as aforesaid by any person—

(*a*) in relation to goods certified by the proprietor of the mark if, as to those goods or a bulk of which they form part, the proprietor or another in accordance with his authorisation under the relevant regulations has applied the mark and has not subsequently removed or obliterated it, or the proprietor has at any time expressly or impliedly consented to the use of the mark, or

(*b*) in relation to goods adapted to form part of, or to be accessory to, other goods in relation to which the mark has been used without infringement of the right given as aforesaid or might for the time being be so used, if the use of the mark is reasonably necessary in order to indicate that the goods are so adapted and neither the purpose nor the effect of the use of the mark is to indicate otherwise than in accordance with the fact that the goods are certified by the proprietor:

Provided that clause (*a*) shall not apply to the case of use consisting of the application of any such mark as aforesaid to any goods, notwithstanding that they are such goods as are mentioned in that clause if such application is contrary to the said regulations.

(*3*) Where a certification trade mark is one of two or more registered certification trade marks which

are identical or nearly resemble each other, the use of any of those marks in exercise of the right to the use of that mark given by registration, shall not be deemed to be an infringement of the right so given to the use of any other of those marks

Cancellation or varying of registration.

59. (1) The Central Government may, on the application in the prescribed manner of any person aggrieved or on the recommendation of the Registrar, and after giving the proprietor an opportunity of opposing the application or recommendation, make such order as it thinks fit for expunging or varying any entry in the register relating to a certification trade mark, or for varying the deposited regulations, on any of the following grounds, namely:—

(a) that the proprietor is no longer competent, in the case of any of the goods in respect of which the mark is registered, to certify those goods;

(b) that the proprietor has failed to observe any provision of the deposited regulations to be observed on his part;

(c) that it is no longer to the public advantage that the mark should be registered;

(d) that it is requisite for the public advantage that, if the mark remains registered, the regulations should be varied;

and neither a High Court nor the Registrar shall have any jurisdiction to make an order under section 46 on any of those grounds.

(2) The Registrar shall rectify the register and the deposited regulations in such manner as may be requisite for giving effect to an order made under subsection (1).

Costs not to be awarded in certain cases

60. The Registrar shall have no power to award costs to or against any party on an appeal to him against a refusal of the proprietor of a certification trade mark to certify goods or to authorise the use of the mark.

(*3*) For the purposes of this section, the use in British India in relation to a trade mark of the word "registered", or of any other expression referring whether expressly or impliedly to registration, shall be deemed to import a reference to registration in the register, except—

The following Act of the Indian Legislature received the assent of the Governor General on the 11th March 1940, and is hereby promulgated for general information:—

ACT No. X OF 1940.

An Act to consolidate and amend the law relating to Arbitration.

WHEREAS it is expedient to consolidate and amend the law relating to arbitration in British India; It is hereby enacted as follows:—

CHAPTER I.

Introductory.

Short title, extent and commencement.

1. (*1*) This Act may be called the Arbitration Act, 1940.

(*2*) It extends to the whole of British India.

(*3*) It shall come into force on the 1st day of July 1940.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*a*) "arbitration agreement" means a written agreement to submit present or future differences to arbitration, whether an arbitrator is named therein or not;

(*b*) "award" means an arbitration award;

(*c*) "Court" means a Civil Court having jurisdiction to decide the questions forming the subject-matter of the reference if the same had been the subject-matter of a suit, but does not, except for the purpose of arbitration proceedings under section 21, include a Small Cause Court;

(*d*) "legal representative" means a person who in law represents the estate of a deceased person, and includes any person who intermeddles with the estate of the deceased, and, where a party acts in a representative character, the person on whom the estate devolves on the death of the party so acting;

(*e*) "reference" means a reference to arbitration.

CHAPTER II.

Arbitration without intervention of a court.

Provisions implied in arbitration agreement.

3. An arbitration agreement, unless a different intention is expressed therein, shall be deemed to include the provisions set out in the First Schedule in so far as they are applicable to the reference.

Agreement that arbitrators be appointed by third party.

4. The parties to an arbitration agreement may agree that any reference thereunder shall be to an arbitrator or arbitrators to be appointed by a person designated in the agreement either by name or as the holder for the time being of any office or appointment.

Authority of appointed arbitrator or umpire irrevocable except by leave of Court.

5. The authority of an appointed arbitrator or umpire shall not be revocable except with the leave of the Court, unless a contrary intention is expressed in the arbitration agreement.

Arbitration agreement not to be discharged by death of party thereto.

6. (*1*) An arbitration agreement shall not be discharged by the death of any party thereto, either as respects the deceased or any other party, but shall in such event be enforceable by or against the legal representative of the deceased.

(*2*) The authority of an arbitrator shall not be revoked by the death of any party by whom he was appointed.

(*3*) Nothing in this section shall affect the operation of any law by virtue of which any right of action is extinguished by the death of a person.

Provisions in case of insolvency.

7. (*1*) Where it is provided by a term in a contract to which an insolvent is a party that any differences arising thereout or in connection therewith shall be referred to arbitration, the said term shall, if the receiver adopts the contract, be enforceable by or against him so far as it relates to any such differences.

(*2*) Where a person who has been adjudged an insolvent had, before the commencement of the insolvency proceedings, become a party to an arbitration agreement, and any matter to which the agreement applies is required to be determined in connection with, or for the purposes of, the insolvency proceedings, then, if the case is one to which sub-section (*1*)

does not apply, any other party to the agreement or the receiver may apply to the Court having jurisdiction in the insolvency proceedings for an order directing that the matter in question shall be referred to arbitration in accordance with the agreement, and the Court may, if it is of opinion that, having regard to all the circumstances of the case, the matter ought to be determined by arbitration, make an order accordingly.

(3) In this section the expression "receiver" includes an Official Assignee.

Power of Court to appoint arbitrator or umpire.

8. (1) In any of the following cases—

(a) where an arbitration agreement provides that the reference shall be to one or more arbitrators to be appointed by consent of the parties, and all the parties do not, after differences have arisen, concur in the appointment or appointments; or

(b) if any appointed arbitrator or umpire neglects or refuses to act, or is incapable of acting, or dies, and the arbitration agreement does not show that it was intended that the vacancy should not be supplied, and the parties or the arbitrators, as the case may be, do not supply the vacancy; or

(c) where the parties or the arbitrators are required to appoint an umpire and do not appoint him;

any party may serve the other parties or the arbitrators, as the case may be, with a written notice to concur in the appointment or appointments or in supplying the vacancy.

(2) If the appointment is not made within fifteen clear days after the service of the said notice, the Court may, on the application of the party who gave the notice and after giving the other parties an opportunity of being heard, appoint an arbitrator or arbitrators or umpire, as the case may be, who shall have like power to act in the reference and to make an award as if he or they had been appointed by consent of all parties.

Power to party to appoint new arbitrator or, in certain cases, a sole arbitrator.

9. Where an arbitration agreement provides that a reference shall be to two arbitrators, one to be appointed by each party, then, unless a different intention is expressed in the agreement,—

(*a*) if either of the appointed arbitrators neglects or refuses to act, or is incapable of acting, or dies, the party who appointed him may appoint a new arbitrator in his place;

(*b*) if one party fails to appoint an arbitrator, either originally or by way of substitution as aforesaid, for fifteen clear days after the service by the other party of a notice in writing to make the appointment, such other party having appointed his arbitrator before giving the notice, the party who has appointed an arbitrator may appoint that arbitrator to act as sole arbitrator in the reference, and his award shall be binding on both parties as if he had been appointed by consent:

Provided that the Court may set aside any appointment as sole arbitrator made under clause (*b*) and either, on sufficient cause being shown, allow further time to the defaulting party to appoint an arbitrator or pass such other order as it thinks fit.

Explanation.—The fact that an arbitrator or umpire, after a request by either party to enter on and proceed with the reference, does not within one month comply with the request may constitute a neglect or refusal to act within the meaning of section 8 and this section.

Provisions as to appointment of three or more arbitrators.

10. (*1*) Where an arbitration agreement provides that a reference shall be to three arbitrators, one to be appointed by each party and the third by the two appointed arbitrators, the agreement shall have effect as if it provided for the appointment of an umpire, and not for the appointment of a third arbitrator, by the two arbitrators appointed by the parties.

(*2*) Where an arbitration agreement provides that a reference shall be to three arbitrators to be appointed otherwise than as mentioned in sub-section (*1*), the award of the majority shall, unless the arbitration agreement otherwise provides, prevail.

(3) Where an arbitration agreement provides for the appointment of more arbitrators than three, the award of the majority, or if the arbitrators are equally divided in their opinions, the award of the umpire shall, unless the arbitration agreement otherwise provides, prevail.

Power to Court to remove arbitrators or umpire in certain circumstances.

11. (1) The Court may, on the application of any party to a reference, remove an arbitrator or umpire who fails to use all reasonable dispatch in entering on and proceeding with the reference and making an award

(2) The Court may remove an arbitrator or umpire who has misconducted himself or the proceedings.

(3) Where an arbitrator or umpire is removed under this section, he shall not be entitled to receive any remuneration in respect of his services.

(4) For the purposes of this section the expression "proceeding with the reference" includes, in a case where reference to the umpire becomes necessary, giving notice of that fact to the parties and to the umpire.

Power of Court where arbitrator is removed or his authority revoked.

12. (1) Where the Court removes an umpire who has not entered on the reference or one or more arbitrators (not being all the arbitrators), the Court may on the application of any party to the arbitration agreement, appoint persons to fill the vacancies.

(2) Where the authority of an arbitrator or arbitrators or an umpire is revoked by leave of the Court, or where the Court removes an umpire who has entered on the reference or a sole arbitrator or all the arbitrators, the Court may, on the application of any party to the arbitration agreement, either—

(a) appoint a person to act as sole arbitrator in the place of the person or persons displaced, or

(b) order that the arbitration agreement shall cease to have effect with respect to the difference referred.

(3) A person appointed under this section as an arbitrator or umpire shall have the like power to act in the reference and to make an award as if he had been appointed in accordance with the arbitration agreement.

Powers of arbitrator.

13. The arbitrators or umpire shall, unless a different intention is expressed in the agreement, have power to—

(a) administer oath to the parties and witnesses appearing;

(b) state a special case for the opinion of the Court on any question of law involved, or state the award, wholly or in part, in the form of a special case of such question for the opinion of the Court;

(c) make the award conditional or in the alternative;

(d) correct in an award any clerical mistake or error arising from any accidental slip or omission;

(e) administer to any party to the arbitration such interrogatories as may, in the opinion of the arbitrators or umpire, be necessary

Award to be signed and filed.

14. (1) When the arbitrators or umpire have made their award, they shall sign it and shall give notice in writing to the parties of the making and signing thereof and of the amount of fees and charges payable in respect of the arbitration and award.

(2) The arbitrators or umpire shall, at the request of any party to the arbitration agreement or any person claiming under such party or if so directed by the Court and upon payment of the fees and charges due in respect of the arbitration and award and of the costs and charges of filing the award, cause the award or a signed copy of it, together with any depositions and documents which may have been taken and proved before them, to be filed in Court, and the Court shall thereupon give notice to the parties of the filing of the award.

(3) Where the arbitrators or umpire state a special case under clause (b) of section 13, the Court,

after giving notice to the parties and hearing them, shall pronounce its opinion thereon and such opinion shall be added to, and shall form part of, the award.

Power of Court to modify award.

15. The Court may by order modify or correct an award—

(*a*) where it appears that a part of the award is upon a matter not referred to arbitration and such part can be separated from the other part and does not affect the decision on the matter referred; or

(*b*) where the award is imperfect in form, or contains any obvious error which can be amended without affecting such decision; or

(*c*) where the award contains a clerical mistake or an error arising from an accidental slip or omission.

Power to remit award.

16. (*1*) The Court may from time to time remit the award or any matter referred to arbitration to the arbitrators or umpire for reconsideration upon such terms as it thinks fit—

(*a*) where the award has left undetermined any of the matters referred to arbitration, or where it determines any matter not referred to arbitration and such matter cannot be separated without affecting the determination of the matters referred; or

(*b*) where the award is so indefinite as to be incapable of execution; or

(*c*) where an objection to the legality of the award is apparent upon the face of it.

(*2*) Where an award is remitted under sub-section (*1*) the Court shall fix the time within which the arbitrator or umpire shall submit his decision to the Court:

Provided that any time so fixed may be extended by subsequent order of the Court.

(*3*) An award remitted under sub-section (*1*) shall become void on the failure of the arbitrator or umpire to reconsider it and submit his decision within the time fixed.

Judgment in terms of award.

17. Where the Court sees no cause to remit the award or any of the matters referred to arbitration for reconsideration or to set aside the award, the Court shall, after the time for making an application to set aside the award has expired, or such application having been made, after refusing it, proceed to pronounce judgment according to the award, and upon the judgment so pronounced a decree shall follow, and no appeal shall lie from such decree except on the ground that it is in excess of, or not otherwise in accordance with, the award.

Power of Court to pass interim orders.

18. (*1*) Notwithstanding anything contained in section 17, at any time after the filing of the award, whether notice of the filing has been served or not, upon being satisfied by affidavit or otherwise that a party has taken or is about to take steps to defeat, delay or obstruct the execution of any decree that may be passed upon the award, or that speedy execution of the award is just and necessary, the Court may pass such interim orders as it deems necessary.

(*2*) Any person against whom such interim orders have been passed may show cause against such orders, and the Court, after hearing the parties, may pass such further orders as it deems necessary and just.

Power to supersede arbitration when award becomes void or is set aside.

19. Where an award has become void under sub-section (*3*) of section 16 or has been set aside, the Court may by order supersede the reference and shall thereupon order that the arbitration agreement shall cease to have effect with respect to the difference referred.

CHAPTER III.

Arbitration with intervention of a court where there is no suit pending.

Application to file in Court arbitration agreement

20. (*1*) Where any persons have entered into an arbitration agreement before the institution of any suit with respect to the subject-matter of the agreement or any part of it, and where a difference has arisen to which the agreement applies, they or any of them, instead of proceeding under Chapter II, may apply to a Court having jurisdiction in the matter to which the agreement relates, that the agreement be filed in Court.

(2) The application shall be in writing and shall be numbered and registered as a suit between one or more of the parties interested or claiming to be interested as plaintiff or plaintiffs and the remainder as defendant or defendants, if the application has been presented by all the parties, or, if otherwise, between the applicant as plaintiff and the other parties as defendants.

(3) On such application being made, the Court shall direct notice thereof to be given to all parties to the agreement other than the applicants, requiring them to show cause within the time specified in the notice why the agreement should not be filed.

(4) Where no sufficient cause is shown, the Court shall order the agreement to be filed, and shall make an order of reference to the arbitrator appointed by the parties, whether in the agreement or otherwise, or, where the parties cannot agree upon an arbitrator, to an arbitrator appointed by the Court.

(5) Thereafter the arbitration shall proceed in accordance with, and shall be governed by, the other provisions of this Act so far as they can be made applicable.

CHAPTER IV.

Arbitration in Suits.

Parties to suit may apply for order of reference.

21. Where in any suit all the parties interested agree that any matter in difference between them in the suit shall be referred to arbitration, they may at any time before judgment is pronounced apply in writing to the Court for an order of reference.

Appointment of arbitrator.

22. The arbitrator shall be appointed in such manner as may be agreed upon between the parties.

Order of reference.

23. (1) The Court shall, by order, refer to the arbitrator the matter in difference which he is required to determine, and shall in the order specify such time as it thinks reasonable for the making of the award.

(2) Where a matter is referred to arbitration, the Court shall not, save in the manner and to the extent provided in this Act, deal with such matter in the suit.

Reference to arbitration by some of the parties.

24. Where some only of the parties to a suit apply to have the matters in difference between them referred to arbitration in accordance with, and in the manner provided by, section 21, the Court may, if it thinks fit, so refer such matters to arbitration (provided that the same can be separated from the rest of the subject-matter of the suit) in the manner provided in that section, but the suit shall continue so far as it relates to the parties who have not joined in the said application and to matters not contained in the said reference as if no such application had been made, and an award made in pursuance of such a reference shall be binding only on the parties who have joined in the application.

Provisions applicable to arbitrations under this Chapter.

25. The provisions of the other Chapters shall, so far as they can be made applicable, apply to arbitrations under this Chapter:

Provided that the Court may, in any of the circumstances mentioned in sections 8, 10, 11 and 12, instead of filling up the vacancies or making the appointments, make an order superseding the arbitration and proceed with the suit, and where the Court makes an order superseding the arbitration under section 19, it shall proceed with the suit.

CHAPTER V.

General.

Application of Chapter.

26. Save as otherwise provided in this Act, the provisions of this Chapter shall apply to all arbitrations.

Power of arbitrators to make an interim award.

27 (*1*) Unless a different intention appears in the arbitration agreement, the arbitrators or umpire may, if they think fit, make an interim award.

(*2*) All references in this Act to an award shall include references to an interim award made under sub-section (*1*).

Power to Court only to enlarge time for making award.

28. (*1*) The Court may, if it thinks fit, whether the time for making the award has expired or not and whether the award has been made or not, enlarge from time to time the time for making the award.

(*2*) Any provision in an arbitration agreement whereby the arbitrators or umpire may, except with

the consent of all the parties to the agreement, enlarge the time for making the award, shall be void and of no effect.

Interest on awards.

29. Where and in so far as an award is for the payment of money the Court may in the decree order interest, from the date of the decree at such rate as the Court deems reasonable, to be paid on the principal sum as adjudged by the award and confirmed by the decree.

Grounds for setting aside award.

30. An award shall not be set aside except on one or more of the following grounds, namely:—

(*a*) that an arbitrator or umpire has misconducted himself or the proceedings;

(*b*) that an award has been made after the issue of an order by the Court superseding the arbitration or after arbitration proceedings have become invalid under section 35;

(*c*) that an award has been improperly procured or is otherwise invalid.

Jurisdiction.

31. (*1*) Subject to the provisions of this Act, an award may be filed in any Court having jurisdiction in the matter to which the reference relates.

(*2*) Notwithstanding anything contained in any other law for the time being in force and save as otherwise provided in this Act, all questions regarding the validity, effect or existence of an award or an arbitration agreement between the parties to the agreement or persons claiming under them shall be decided by the Court in which the award under the agreement has been, or may be, filed, and by no other Court.

(*3*) All applications regarding the conduct of arbitration proceedings or otherwise arising out of such proceedings shall be made to the Court where the award has been, or may be, filed, and to no other Court.

(*4*) Notwithstanding anything contained elsewhere in this Act or in any other law for the time being in force, where in any reference any application under this Act has been made in a Court competent to entertain it, that Court alone shall have jurisdiction over

the arbitration proceedings and all subsequent applications arising out of that reference and the arbitration proceedings shall be made in that Court and in no other Court.

Bar to suits contesting arbitration agreement or award.

32. Notwithstanding any law for the time being in force, no suit shall lie on any ground whatsoever for a decision upon the existence, effect or validity of an arbitration agreement or award, nor shall any arbitration agreement or award be set aside, amended, modified or in any way affected otherwise than as provided in this Act.

Arbitration agreement or award to be contested by application.

33. Any party to an arbitration agreement or any person claiming under him desiring to challenge the existence or validity of an arbitration agreement or an award or to have the effect of either determined shall apply to the Court and the Court shall decide the question on affidavits:

Provided that where the Court deems it just and expedient, it may set down the application for hearing on other evidence also, and it may pass such orders for discovery and particulars as it may do in a suit.

Power to stay legal proceedings where there is an arbitration agreement.

34. Where any party to an arbitration agreement or any person claiming under him commences any legal proceedings against any other party to the agreement or any person claiming under him in respect of any matter agreed to be referred, any party to such legal proceedings may, at any time before filing a written statement or taking any other steps in the proceedings, apply to the judicial authority before which the proceedings are pending to stay the proceedings; and if satisfied that there is no sufficient reason why the matter should not be referred in accordance with the arbitration agreement and that the applicant was, at the time when the proceedings were commenced, and still remains, ready and willing to do all things necessary to the proper conduct of the arbitration, such authority may make an order staying the proceedings.

Effect of legal proceedings on arbitration.

35. (*1*) No reference nor award shall be rendered invalid by reason only of the commencement of legal proceedings upon the subject-matter of the reference, but when legal proceedings upon the whole of the subject-matter of the reference have been commenced between all the parties to the reference and a notice

thereof has been given to the arbitrators or umpire, all further proceedings in a pending reference shall, unless a stay of proceedings is granted under section 34, be invalid.

(2) In this section the expression "parties to the reference" includes any persons claiming under any of the parties and litigating under the same title.

Power of Court where arbitration agreement is ordered not to apply to a particular difference, to order that a provision making an award a condition precedent to an action shall not apply to such difference.

36. Where it is provided (whether in the arbitration agreement or otherwise) that an award under an arbitration agreement shall be a condition precedent to the bringing of an action with respect to any matter to which the agreement applies, the Court, if it orders (whether under this Act or any other law) that the agreement shall cease to have effect as regards any particular difference, may further order that the said provision shall also cease to have effect as regards that difference.

Limitations.

X of 1908.

37. (1) All the provisions of the Indian Limitation Act, 1908, shall apply to arbitrations as they apply to proceedings in Court.

(2) Notwithstanding any term in an arbitration agreement to the effect that no cause of action shall accrue in respect of any matter required by the agreement to be referred until an award is made under the agreement, a cause of action shall, for the purpose of limitation, be deemed to have accrued in respect of any such matter at the time when it would have accrued but for that term in the agreement.

(3) For the purposes of this section and of the Indian Limitation Act, 1908, an arbitration shall be deemed to be commenced when one party to the arbitration agreement serves on the other parties thereto a notice requiring the appointment of an arbitrator, or where the arbitration agreement provides that the reference shall be to a person named or designated in the agreement, requiring that the difference be submitted to the person so named or designated.

(4) Where the terms of an agreement to refer future differences to arbitration provide that any claims to which the agreement applies shall be barred unless notice to appoint an arbitrator is given or an

arbitrator is appointed or some other step to commence arbitration proceedings is taken within a time fixed by the agreement, and a difference arises to which the agreement applies, the Court, if it is of opinion that in the circumstances of the case undue hardship would otherwise be caused, and notwithstanding that the time so fixed has expired, may on such terms, if any, as the justice of the case may require, extend the time for such period as it thinks proper.

(5) Where the Court orders that an award be set aside or orders, after the commencement of an arbitration, that the arbitration agreement shall cease to have effect with respect to the difference referred, the period between the commencement of the arbitration and the date of the order of the Court shall be excluded in computing the time prescribed by the Indian Limitation Act, 1908, for the commencement of the IX of 1908. proceedings (including arbitration) with respect to the difference referred.

Disputes as to arbitrator's remuneration or costs.

38. (1) If in any case an arbitrator or umpire refuses to deliver his award except on payment of the fees demanded by him, the Court may, on an application in this behalf, order that the arbitrator or umpire shall deliver the award to the applicant on payment into Court by the applicant of the fees demanded, and shall, after such inquiry, if any, as it thinks fit, further order that out of the money so paid into Court there shall be paid to the arbitrator or umpire by way of fees such sum as the Court may consider reasonable and that the balance of the money, if any, shall be refunded to the applicant.

(2) An application under sub-section (1) may be made by any party to the reference unless the fees demanded have been fixed by written agreement between him and the arbitrator or umpire, and the arbitrator or umpire shall be entitled to appear and be heard on any such application.

Madras Estates Land (Amendment) Bill, 1940 .. .. PAGE 29

The following Bill, together with the Statement of Objects and Reasons, is published for the purpose of eliciting opinion. Notice is hereby given that the said Bill will be considered on or after the 10th May 1940 and that any objection or suggestion which may be received with respect thereto before the said date by the Secretary to the Government of Madras in the Revenue Department, will be considered.

A Bill further to amend the Madras Estates Land Act, 1908, for a certain purpose.

Madras Act 1 of 1908.

WHEREAS it is expedient further to amend the Madras Estates Land Act, 1908, for the purpose hereinafter appearing; It is hereby enacted as follows:—

Short title and commencement.

1. (1) This Act may be called the Madras Estates Land (Amendment) Act, 1940.

(2) The amendment made by this Act shall be deemed to have been made and to have come into force, on the 30th day of October 1939.

Amendment of section 185-A, Madras Act I of 1908.

2. In sub-section (1) of section 185-A of the Madras Estates Land Act, 1908, for the words "lodge an application, in such manner as may be notified by the Provincial Government", the words "or within such further period as may be notified by the Provincial Government, lodge an application in such manner as may be notified by them" shall be substituted. Madras Act I of 1908

STATEMENT OF OBJECTS AND REASONS.

Section 185-A of the Madras Estates Land Act, 1908 (Madras Act I of 1908), as amended by Madras Acts XVIII of 1936 and XII of 1938, provides for applications being preferred by landholders in certain cases for the establishment of their kudivaram right in inam villages within three years from the date on which Madras Act XVIII of 1936 took effect. Madras Act XVIII of 1936 came into force on the 31st October 1936 and the period of three years mentioned in section 185-A expired on the 30th October 1939. Representations have been received from inamdars praying for a further extension of the period. The inamdars appear to have been awaiting legislation for the amendment of the Madras Estates Land Act with reference to the recommendations of the Madras Estates Land Act Committee and have been postponing the filing of applications pending such legislation. Some of them also appear to have been under the misapprehension that the applications can be filed only after a Special Tribunal has been constituted under section 185-A with the result that very little advantage has been taken by the inamdars of the provisions of that section. It is therefore considered necessary that the inamdars should be given further time to lodge their applications. It is proposed to amend section 185-A accordingly with effect from the 30th October 1939.

(By order of His Excellency the Governor)

P. APPU NAIR,
Secretary to Government, Legal Department.
